

**REMARKS**

Claims 14 and 16-22 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Rosenfeld et al. in view of Chiu et al. In accordance with the foregoing, claims 14 and 16- 22 have been canceled without prejudice or disclaimer of the subject matter contained therein, rendering the rejection of those claims moot. Claims 1, 4-13, 23, 25 and 26 have been allowed. Therefore, it is respectfully asserted that the application is in condition for allowance.

There being no further outstanding objections or rejections, it is submitted that the application is in condition for allowance. An early action to that effect is courteously solicited.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein; and no amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.

Respectfully submitted,

LISA SCOTT
